Weekly Economic Roundup
ABOUT US

Founded in 1994, the Delhi Policy Group (DPG) is among India’s oldest think tanks with its primary focus on strategic and international issues of critical national interest. DPG is a non-partisan institution and is independently funded by a non-profit Trust. Over past decades, DPG has established itself in both domestic and international circles and is widely recognised today among the top security think tanks of India and of Asia’s major powers.

Since 2016, in keeping with India’s increasing global profile, DPG has expanded its focus areas to include India’s regional and global role and its policies in the Indo-Pacific. In a realist environment, DPG remains mindful of the need to align India’s ambitions with matching strategies and capabilities, from diplomatic initiatives to security policy and military modernisation.

At a time of disruptive change in the global order, DPG aims to deliver research based, relevant, reliable and realist policy perspectives to an actively engaged public, both at home and abroad. DPG is deeply committed to the growth of India’s national power and purpose, the security and prosperity of the people of India and India’s contributions to the global public good. We remain firmly anchored within these foundational principles which have defined DPG since its inception.

DPG Weekly Economic Roundup

DPG Weekly Economic Roundup covers developments related to India’s economy, compiled from open source media.

Your comments and feedback can be addressed to Shruthi Mohan Menon at shruthi@dpg.org.in.

Delhi Policy Group is an independent and autonomous, not for profit think tank which focuses on strategic issues of critical national interest.
